Founder & Chief Executive

ENG. OMAR BASAEED

Engineering and systems-focused executive with a multidisciplinary background spanning mechanical engineering, industrial systems, and business strategy.

Leadership with Systems & Engineering Discipline

Watania Farms Group Ltd. was founded by Eng. Omar Basaeed, whose background in engineering, systems thinking, and business strategy shapes the company's structured operational approach.

Our Mission

To deliver consistent, safe, and high-quality leafy greens and fresh vegetables through structured hydroponic farming systems, while building a reliable supply bridge between Kenya and global food markets.

Our Vision

To become a leading African supplier of controlled-environment agricultural produce, recognized internationally for consistency, quality, and reliability in global supermarket and import supply chains.

Export-Ready
Supply Chain

Quality Assured
Global Standards

Serving Global
Markets

Our Strategy

Hydroponic Production Systems

Enabling year-round cultivation independent of climatic variability.

Standardized Processes

Ensuring uniform quality across all harvest cycles.

Export-Oriented Infrastructure

Aligning production with international buyer requirements.

Logistics Optimization

Leveraging proximity to Malindi Port and Airport for reduced transit time.

Certification Readiness

Aligning operations with KEBS, ISO 9001, and ISO 22000 frameworks.

Commercially Reliable at Scale

Output that is not just agricultural but commercially reliable at scale.

Our Values

1. Consistency

We prioritize predictable supply and uniform product quality across all harvest cycles.

2. Integrity

We operate transparently with buyers, partners, and stakeholders across the supply chain.

3. Innovation in Agriculture

We leverage structured hydroponic systems to modernize traditional farming approaches.

4. Reliability

We are committed to being a dependable supplier for global procurement and retail

5. Quality Discipline

We adhere to strict operational standards aligned with international food safety expectations.

Our Compliance Framework

Certifications & Standards

We are on a clear pathway toward full certification under the following internationally recognized standards.

KEBS S-Mark Certification

Ensures compliance with mandatory Kenyan standards for product quality and food safety. Confirms that our produce meets national regulatory requirements for market distribution.

KEBS D-Mark Certification

A premium quality assurance mark indicating superior product consistency, enhanced quality control systems, and alignment with higher market expectations.

ISO 9001 Certification

International standard for Quality Management Systems, ensuring structured processes, continuous improvement, and operational consistency across all production and supply activities.

ISO 22000 Certification

Global food safety management standard ensuring full traceability, hazard control, and food safety assurance across the entire production and handling chain.

GS1 Kenya

Global standard for product identification and traceability using barcodes and GTIN, ensuring our products are recognized and traceable in international supply chains and retail systems.

Halal Certification

Certifies that our produce and handling processes comply with Islamic dietary laws, enabling access to Middle Eastern and Muslim-majority market segments globally.

Logistics-Driven Farming for Faster Global Delivery

Our farm is strategically located in Malindi, less than 50 kilometers from both Malindi Airport and Malindi Seaport. This advantage allows us to maintain freshness, reduce transit delays, and ensure efficient supply to international markets, including the United States.

With direct access to air and sea freight routes, we are positioned to deliver premium produce to global buyers with speed, consistency, and competitive transit times.

Global Reach

On-time Delivery

Flexible Volumes

Long-term Partnerships
